

BINORE MOHAPATRA

Full-Stack Developer · Open to Internship · Part-Time

+91 83680 27842 | Delhi, India

Email: binoremohapatra@gmail.com

GitHub: github.com/binoremohapatra

SUMMARY

Third-year B.Tech CSE student at GGSIPU Delhi (CGPA: 8.04) with hands-on experience building full-stack web apps, cross-platform mobile apps, and AI-integrated tools. Comfortable across the stack — Spring Boot APIs, PostgreSQL, React frontends, and Flutter. All projects are publicly available on GitHub. Open to internship, part-time, and full-time software engineering roles. Ready to contribute from day one.

EDUCATION

B.Tech in Computer Science & Engineering — GGSIPU, Delhi

Expected Graduation: 2028

3rd Year | CGPA: 8.04 | Coursework: DSA, DBMS, Operating Systems, OOP, Computer Networks

TECHNICAL SKILLS

Languages: Java, JavaScript (ES6+), TypeScript, Dart, SQL, Python

Frameworks & Libraries: Spring Boot, React.js, Flutter, FastAPI, Three.js, Tailwind CSS, Framer Motion, Ollama

Databases: PostgreSQL, MySQL, JPA/Hibernate

Tools: Git, GitHub, Docker, Docker Compose, Postman, Maven, Vite, Linux

Concepts: REST API Design, JWT Authentication, WebSockets, OOP, DSA, Computer Vision (OpenCV), Prompt Engineering, Local LLM Integration

PROJECTS

ReactorX — E-Commerce Platform *Java · Spring Boot · React.js · PostgreSQL · Docker · Razorpay* [GitHub ↗](#)

- Full-stack e-commerce app with a Spring Boot backend (JWT auth, role-based access, product catalog, order management) and a React + Tailwind CSS frontend with cart and Razorpay checkout.
- Containerized the full stack using Docker Compose with backend and frontend as separate services.
- Frontend repo: [ReactorX-Frontend](#)

Maeve AI — Multimodal AI Assistant *Python · Java · Spring Boot · Ollama · React · Three.js · OpenCV*

[GitHub ↗](#)

- AI assistant with a Python + Spring Boot backend running a local LLM via Ollama, streaming responses to the browser over WebSockets.
- 3D React/Three.js frontend with a VRM avatar that responds to LLM output; basic webcam context via OpenCV.
- Backend core: [mavisai-core](#)

CityVoice — Civic Issue Reporting App *Flutter · Dart* [GitHub ↗](#)

- Cross-platform Flutter app for reporting civic issues with location tagging, photo upload, and issue status tracking.

CivicSolver — Citizen Complaint Management System *JavaScript · Flutter · Dart* [GitHub ↗](#)

- Web-based civic complaint management system; companion Flutter app (civicsolverapp) provides the same functionality cross-platform.
- Flutter companion: [civicsolverapp](#)

Personal Portfolio v2 — Cyberpunk Theme 3D Interactive Website *React · TypeScript · Tailwind CSS · Vite* [GitHub ↗](#)

- Cyberpunk-themed interactive portfolio built with React + TypeScript and Vite; features custom splash screen and animated UI components (Earth model, brain visualization) using React Three Fiber, animated with Framer Motion and GSAP.
-

Personal Portfolio v1 — Normal Portfolio *React · Three.js · React Three Fiber · Framer Motion · GSAP* [GitHub ↗](#)

- First portfolio iteration with scenes (Earth model, brain visualization) using React Three Fiber, animated with Framer Motion and GSAP.

Suraksha Setu — Tourist Safety Navigation *Geospatial APIs · Real-Time Data*

[GitHub ↗](#)

- Navigation app concept using geospatial data and real-time inputs to suggest safer routes for tourists in unfamiliar cities.

Bank Management System *Java · OOP*

[GitHub ↗](#)

- Java console application with account creation, deposits, withdrawals, and fund transfers — demonstrating core OOP principles.

Library Management System *Java · OOP*

[GitHub ↗](#)

- Java console app for library inventory management, book issue/return tracking, and automated fine calculation using OOP design.

DSA PRACTICE

- Actively learning Data Structures & Algorithms through LeetCode and NeetCode.
- Topics: Arrays, Strings, Linked Lists, Stacks, Queues, Trees, Recursion, Sorting, Searching, Dynamic Programming.

CERTIFICATIONS

- Java DSA — Master the Fundamentals and Beyond | Scaler Topics, Jan 2026
- Augmented Reality Lens Development | Snap AR × Bharat XR × ADGTM
- Data Science Workshop | DUCAT
